

Skip-Tracers National Certification Program New Benefit for PBUS Members

The Professional Bail Agents of the United States (PBUS) is glad to offer this new benefit for its active members. The Skip-Tracers National Certification Program, voted in the top 25 continuing education programs by PINOW.COM, combines tried-and-true, old-school skip-tracing techniques with the best of today's technology. The course builds a solid foundation for someone brand new to the industry, yet it also equips a seasoned veteran with new tools and relatively unknown tricks of the trade.

For those who don't know Alex Price, he is a nationally-recognized expert on the art of Skip-Tracing, with over 25+ years of experience in skip-tracing, collections and educational training. Currently he is the National Sales and Training Manager for MasterFiles, the nation's leader in front-end validation and skip-tracing data. Mr. Price will utilize his nearly 30 years of experience in the industry to offer this national educational curriculum to advance PBUS member's skills and success.

In addition to receiving national certification, those who enroll in the certification program will also receive two additional and invaluable e-books: the Military Locator Guide and the Florida Records Guide.

Due to the mass and complexity of various Federal Laws affecting data security, pre-texting, rights of military personnel, etc., the training provided through this course is essential to the work of skip-tracers in any phase of their career. We are convinced that the Skip-Tracers National Certification Program will be an invaluable tool to enhance the ability of skip-tracing pros to serve their clients/employers with competence and professionalism. So order your class materials today!
